

1 PhD genealogy of Fred Schneider, chair of Cornell CS and
2 Eleanor Birrell's advisor, from <http://www.genealogy.ams.org>.
3 A person's advisor appears indented one space. Some people had
4 more than one advisor.

5
6 The tree has only depth 8 because the advisors of Kennelly and
7 Jackson are unknown. They were both at MIT in electrical engineering,
8 which is getting outside the scope of this genealogy website.
