CS 2800: Discrete structures
http://courses.cs.cornell.edu/cs2800/wiki
Professor Michael George

Course skills/goals:
- Every term is clearly defined
- Every statement is irrefutable (or easily refuted)
- Arguments are simple

Lecture etiquette
- No screens
- No crosstalk
- Ask questions
- Give feedback (forms on Piazza)

Homework
- Schedule 30-45 minute review sessions after each lecture
- Weekly homework usually due Monday at 5PM
- Use office hours
- Work together, write up separately
